TROUBLE IN McMAHON BOROUGH LAST NIGHT

Council Meeting Ends in a Fistic Encounter and as a Result Four Arrests Have Been Made.—Hearings Have Been Waived.

At the conclusion of council meeting in McMahon borough last night, there was a sort of an all-around scuffle between burgesses, ex-burgesses, councilmen et al and the matter will likely result in some interesting court proceedings before it is finally settled. Directly after the council meeting Burgess Gnieer left the hall and it is alleged he was insulted by remarks made by "Lafe" McMahon.

Gnieer claims that he did not resent the insult but that McMahon followed up his attack by striking him. It is alleged that both Alexander and Thomas McMahon took the matter up. Councilman C. F. Ball it is claimed then interferred on behalf of Gnieer. Ball claims that in the mix up which followed he was struck in the face by one of the McMahons. The combatants were finally seperated, and this morning Burgess Gniser appeared before Squire J. A. Watkins of this city, and swore out a warrant for the arrest of Alexander, "Lafe" and Thomas McMahon, on a charge of assault and battery.

They waived a hearing and each furnished bail in the sum of $300 for their appearance at court.

"Lafe" McMahon then went before Squire A. L. Veness of McMahon Boro, and filed a counter suit against Gniser, for assault and battary. Gniser furnished bail. The trouble it is said orginated at the election last Tuesday, when Burgess Gniser filed objections to the election board. The outcome of the affair will be watched for with interest.

THE ALBIONS NEXT WEEK

One of the best Vaudeville Bills that has been presented at the Star Theatre this season is announced for next week. The Albions in their famous comedy act "His first Lesson" is the main attraction and wherever these able artists have appeared this season, they have made a decided hit. Miss Annie Leslie Williams the Tyrolean Warbler will also appear as a not unimportant feature of the program. Miss Williams was formerly with the Ed. Harrigans Co., and with Pete Baker in "Chris and Lena." She also made quite a hit with Hoyts and Thomas in "A Bunch of Keys".

That the vaudeville feature of the Star's program next week will prove a drawing card goes without saying. The animatiecope will also present seven features in life motion pictures, the best motion picture bill of the season. Miss Woods will sing new illustrated songs. This evening Arthur Browning and the Sharplies will conclude a successful weeks engagement.

BURGLAR'S BOLD ACT

Ransacks Downstairs Rooms of Mayor Shutterly's Residence, Then Attempts to Steal Ring From Sleeping Son's Hand.

Awakening in the dead of night to find a bold thieving cur in the act of removing a valuable diamond ring from his hand, was the unpleasant experience passed through by Earl, the eldest son of Mayor F. H. Shutterly last night. As soon as the thief discovered that his intended victim was awake, he made a wild dash for liberty and before young Shutterly could obtain his revolver, which was in another part of the house, he had succeeded in making good his escape.

The attempted burglary is one of the boldest and most daring in the history of the town and it is generally supposed that the would-be-thief is not an amateur at the business, or that he was entirely unfamiliar with the lay of the land or the habits of the inmates of the Shutterly home. Investigation revealed the fact that he had thoroughly ransacked the down stairs rooms and thrown things around in reckless fashion. The contents of cupboards and dressers were strewn about in the utmost confusion.

The fact that after rumaging the down stairs rooms without taking anything of value, or awakening any of the inmates, the thief made his way directly to the room of young Shutterly, where the daring attempt to remove the diamond ring from the sleeper's hand followed, leaves the impression that the burglar was after big game and knew where to look for it.

This belief is further strengthed from the fact that, articles of costly bric-a-brac, silver plate and other valuables which he could easily have carried away were not touched. As soon as the excitement following the discovery and escape of the thief had passed, the police were notified and Chief Woolsey went immediately to the scene. A thorough search was made, but not the slightest clue, that would lead to the discovery of the thief's identity, was found. Owing to the darkness young Shutterly was unable to give any description whatever of the man, and the police have practically nothing to work upon. He could not even say whether the man was black or white.

The police are now thoroughly convinced of the fact that an organized band of thieves are operating in this city. No less than thirty homes have been entered in the past week, the thieves being more or less successful in each raid. The raids have heretofore been mostly confined to the First street hill district.

The police are keeping tab on the actions of several suspicious characters and several arrests are looked for soon.

NEGRO SUSPECT EXAMINED AT YESTERDAY'S INQUEST

Very Little of Importance Was Learned, However, From Either He or the Eleven Other Witnesses Who Testified—Detectives Again at Work

The inquest, touching upon the murder of little Annie Hertrick was resumed late yesterday afternoon, in the council chamber. As stated in yesterday's issue of the "Daily", Coroner Wynn and Asst. District Attorney Hearst, arrived in Monessen on the 2.30 train, and the same jury that heard evidence in the first session was at once gotten together, namely: George Nash, Rev. Henry Madtes, W. F. Seanor, W. L. Leamon, H. Dallas McCabe and Thomas Newhouse.

Mr. Perkins of the Perkins detective agency and about seven private detectives who have been working on the case were present. In all about twelve witnesses were examined by Coroner Wynn and Attorney Ralph Hearst. Mr. Perkins of the Perkins detective agency, cross examined several witnesses through Coroner Wynn. Statements which had been obtained from the witnesses by the detectives were produced, and the witnesses cross examined concerning them. A cuff link which was found near the scene of the crime by one of the detectives was produced but all of the witnesses denied ever having seen it before.

The principal witnesses were the Green brothers, two young negroes, who are well known about town. Interest was mainly centered on Jim, the younger, who is only 17 years of age. Suspicion rested upon him to some extent as it was known that he was in the vicinity of the crime on the day and evening it was committed. He was questioned and cross questioned as to his whereabouts on the evening of the murder. It was brought out that he was one of a crowd of negroes who gathered in a stable near the Manown farm on the night preceeding and also on the night of the murder and indulged in a drunken carousal. However, nothing of importance was learned from either young Green or any of the other witnesses.

Coroner Wynn finally decided to continue the case until some future date. It was 6 o'clock before the inquest was adjourned. The detectives have resumed work on the case, and it is intimated that startling developments can be looked for in the near future.

THAT Chicago girl who is going to put herself up at auction would be awfully disappointed if her press agent had to go out and search the highways and byways for bidders.

UNCLE Chauncey Depew says he has recovered his health and spirits. Still he need not feel that it will be necessary to pass the chestnuts at the next banquet he attends.

STILL, that Milwaukee man who proposes to navigate the air by the use of gasoline isn't the first one to do it. Many a careless hired girl can testify to this fact.

IT is well that that news about the increase of twenty per cent. in the price of diamonds reached us just as the most of us were about to dispose of another basketful at prevailingly low rates.

THE negroes in central Kentucky have been quite a factor in the recent local option elections held there. They have enlisted on the side of temperance and in several instances have settled the election.

The Human Head.

An Irishman once defined the human head as "a bulbous excrescence, of special use to many as a peg for hanging a hat on, as a barber's block for supporting wigs, as a target for shooting at when rendered conspicuous by a shining helmet, as a snuffbox or a chatterbox, as a machine for fitting into a halter or guillotine, as a receptacle for freaks, fancies, follies, passions prejudices, predilections—for anything, in short, but brains."

Amenities of the Table.

"I waited ten minutes for a car today," the landlady was saying, "and then it passed me without stopping."

It was afterward recalled that the habitually silent man had been having unusual difficulty with his chops.

"Perhaps," he remarked, "the conductor didn't care to have you board his car."—Exchange.

The Brute.

"What," asked the sweet girl graduate, "was the happiest moment of your life?"

"The happiest moment of my life," answered the old bachelor, "was when the jeweler took back the engagement ring and gave me collar studs in exchange."—London Tribune.

PAIN

Pain in the head—pain anywhere has its cause. Pain is congestion; it means blood pressure—nothing else usually. At last so says Dr Shoop, and to prove it he has created a little pink tablet That tablet—called Dr Shoop's Headache Tablet—coaxes blood pressure away from pain centers Its effect is charming pleasant, delightful Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure.

If it's painful periods with women, same cause.

If you are sleepless restless nervous it's blood congestion—blood pressure That surely is a certainty for Dr Shoop's Headache Tablets stop it in 20 minutes and the tablets simply distribute the unnatural blood pressure

Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does It's congestion, blood pressure You'll find it where pain is—always It's simply Common Sense

Couldn't Lift Ten Pounds.

Doan's Kidney Pills Brought Strength and Health to the Sufferer, Making Him Feel Twenty-Five Years Younger.

Sick kidneys cause a weak, lame or aching back, and a weak back makes a weak man. Can't be well and strong until the kidneys are cured. Treat them with Doan's Kidney Pills. Here's the testimony of one man cured.

J. B. CORTON.

J. B. Corton, farmer and lumberman, of Ieppe, N. C., says "I suffered for years with my back. It was so bad that I could not walk any distance nor even ride in easy buggy. I do not believe I could have raised ten pounds of weight from the ground, the pain was so severe. This was my condition when I began using Doan's Kidney Pills. They quickly relieved me and now I am never troubled as I was. My back is strong and I can walk or ride a long distance and feel just as strong as I did twenty-five years ago. I think so much of Doan's Kidney Pills that I have given a supply of the remedy to some of my neighbors and they have also found good results. If you can sit anywhere from this rambling note that will be of any service to you, or to any one suffering from kidney trouble, you are at liberty to do so."

A FREE TRIAL of this great kidney medicine which cured Mr. Corton will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. Sold by all dealers; price, fifty cents per box.

The best treatment for indigestion and troubles of the stomach is to rest the stomach. It can be rested by starvation or by the use of a good digestant which will digest the food eaten, thus taking the work off the stomach. At the proper temperature, a single teaspoonful of Kodol will wholly digest 3,000 grains of food. It relieves the present annoyance, puts the stomach in shape to satisfactorily perform its functions. Good for indigestion, sour stomach, flatulence, palpitation of the heart and dyspepsia. Kodol is made in strict conformity with the National Pure Food and Drug Law. Sold by R. W. Beck.

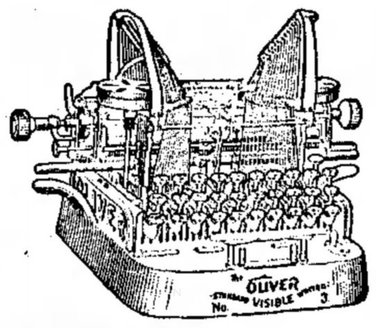
THIS TYPEWRITER
DELIVERS THE GOODS

It's the Oliver—the Standard Visible Writer.

The Oliver Typewriter is just like an athlete stripped for a race.



It is free from unnecessary multiplicity of wires and springs

No net work of flimsy keys to get tied into hard knots

The nimble fingered stenographer can put talk into type with this machine just as rapidly as she takes your dictation.

For no matter how swiftly she writes, she can see just what she's doing

The keyboard is so wonderfully responsive to the touch of the finger-tips that speed comes without effort.

The facters that make for speed are its visible writing, its light, elastic key-touch, and it's all 'round simplicity. It has the fewest possible wearing points, and it prints with a downward stroke.

The
OLIVER
Typewriter

THE STANDARD VISIBLE WRITER

is a flawless piece of mechanism, combining the strength of tested steel with the perfect adjustment of the works of a watch. You can use an Oliver a life time and the type will not lose alignment

It never suffers from nervous prostration; requires only a little oil, and plenty of exercise to keep it at the highest point of efficiency.

The hum of Oliver Typewriters is heard in the most progressive business houses in the land. Sales increasing at a phenomenal rate. Get acquainted with the Oliver! Write for the Oliver book—we send it free with our compliments.

The Secret of the Maple.

No thoughtful person who has ever visited a maple grove in the early spring while snow banks are yet lingering in sheltered hollows and has seen pailful after pailful of sweet sap drawn from the auger holes in the shapely trunks can have failed to wonder what forces govern the flow of the sap. When the warm sun touches the treetops the flow increases A rise of a few degrees in temperature often causes a great increase of flow, if the rise passes the zero point on the centigrade scale—that is, the freezing point of water But a considerable change of temperature in which the fluctuations do not cross the zero line causes no marked change in the flow of sap. Dr. K. M. Wiegand, discussing these and other related facts in the American Naturalist, reaches the conclusion that neither expansion of gas in the wood nor expansion of water nor expansion of wood itself is the underlying cause of the pressure which produces the flow, but that this pressure arises from the effects of temperature in altering the osmotic permeability of the pith ray cells.

Nothing New Under the Sun.

I remember the surprise with which I heard a cornet solo first recorded and then reproduced by a Scott graphophone, the construction of which, if I am not mistaken, antedated the birth of Edison The record was made upon a sheet of tin foil wrapped around a brass cylinder which was actuated by means of a weight, a train of wheels and a butterfly regulator. In this connection to show the antiquity of the germs of another modern invention—one day when looking through the files of the Journal des Savans I came across the account of a machine which was presented to the Academy of Sciences of Paris somewhere around the early years of the eighteenth century. This machine was nothing else but a typewriter the description was very summary, but I remember that it had individual type bars, the keys of which were made of ivory It was the work of M. Leroy of Versailles, who was styled Horlogeur du Roy, the reigning king being Louis XIV.—Alfred Sang in Engineering Magazine.

Widows.

Widows exist in all countries, thus counterbalancing the matrimonial decadence which might otherwise result from timid men. Widows are clinging by temperament and attach themselves readily to any object that can't help itself It is generally considered unlucky to meet a widow on a dark piazza by the light of the moon. In many countries to be kissed by a widow means endless trouble. Widows are frequently accompanied by children, whose number is constantly liable to increase. They roam at large over the principal sections, and no man is safe when they are near. All the perfect men now dead have married widows, thus forming a continuous contrast to the miserable specimens who still live. It has been said "Beware of widows," but this is unnecessary, for no man can really help himself.—Life.

FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering from Woman's Ailments.

I am a woman.
I know woman's sufferings.
I have found the cure.

I will mail, free of any charge, my home treatment with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—you, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand women's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is a safe and sure cure for Leucorrhoea or Whitish discharges, Ulceration, Displacement or Falling of the Womb, Profuse, Scanty or Painful Periods, Uterine or Ovarian Tumors or Growths; also pains in the head, back and bowels, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weariness, kidney and bladder troubles where caused by weaknesses peculiar to our sex.

I want to send you a complete ten day's treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that it will cost you nothing to give the treatment a complete trial; and if you should wish to continue, it will cost you only about 12 cents a week, or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer if you wish, and I will send you the treatment for your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to think for herself. Then when the doctor says—"You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures all, old or young. To Motners of Daughters, I will explain a simple home treatment which speedily and effectually cures Leucorrhoea, Green Sickness and Painful or Irregular Menstruation in Young Ladies. Plumpness and health always results from its use.

Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this Home Treatment really cures all women's diseases, and makes women well, strong, plump and robust. Just send me your address, and the free ten day's treatment is yours, also the book. Write today, as you may not see this offer again. Address
